1 Guild Token is equal to 1 Tezos which is designed to calculate value based on smart contract.

Token name: Guild – an association of people for mutual aid or the pursuit of a common goal.

The Guild Program is designed to pay approximately 5% to 7% per month, but may yield more for the first participants. (There are no guarantees on minimum profits)

Credibility of Guild : The Guild Program is built upon Tezos, and is built on the Tezos Blockchain which enhances the staking of Tezos and has the lowest transaction fees compared to any ERC20 token.

[The smart contract code](#) is also made public showing transparency.

Program entry, has a 10% flat transaction fee applied. **Instead of this going to the exchange, A portion of the Fee** is split between all currently held token holders! 6% to Guild Token holders, 2% into Tezos Staking Reward Pool, 1% paid to referrers, 1% to developer.

XTZ and Guild rewards must be Re-Rolled and then you can withdraw immediately upon time of un-delegation. Participant may re-enter program, if participant wishes. Re-Roll of Profits is done by participant through the Dapp and transaction fee is about .04 to .06 cents depending on the price of Tezos. Also the participant must stay in the program for at least 10 days to receive Reward Pool Profits.

Dapp is located at: <https://GuildDapp.io>
